

60 tablets

Product: Thompson C Tablets

Product Text: Thompson C Tablets,
Orange, 500 Mg, Chewable, 60 Count
(Pack of 2)

(Sequential Attribute Inference)

Attribute: "pack_size"

Product Type Judgement: Thompson C Tablets

Judge With External Knowledge: The attribute 'pack_size' refers to the quantity of items included in a single package.

Judge from Image: The image of the product shows the label on the bottle, which states \"60 Tablets.\"

Judge from Text: The text information provided states \"60 Count (Pack of 2)\", the total 'pack_size' would be 120 tablets.

While the overall pack size contradicts, all the indicators suggest that the pack_size attribute is valid.

Conclusion: Yes.

Product: Peach And Mango Cold Brew
Product Text: ... \"Each tea bag contains less than 3 calories per cup,\" ...

(Sequential Attribute Inference)

Attribute: "packaging_type"

Product Type Judgement: teapigs Peach And Mango Cold Brew Made With Whole Fruit.

Judge With External Knowledge: The attribute 'packaging_type' refers to the way the product is packaged

Judge from Image: The image shows the product packaged in a box, which is a common packaging type for tea.

Judge from Text: The text information provided states \"Each tea bag contains less than 3 calories per cup,\" which suggests that the packaging is designed to hold individual tea bags.

Conclusion: Yes.

The package –type contradicts, but it can conclude that the product does indeed have the 'packaging_type' attribute, and it is a box.

Product: Gino Brown Sugar Milk Tea

Product Text: "Ingredients : Non-dairy Creamer, Brown Sugar, Sugar , Instant Black Tea Powder.\" This suggests that the product is in a powdered form, as it is described as \"Instant Black Tea Powder.\""

(Sequential Attribute Inference)

Attribute: "product_form"

Product Type Judgement: Gino Brown Sugar Milk Tea

Judge With External Knowledge: The attribute 'product_form' refers to the physical form in which the product is available for consumption.

Judge from Image: The image shows a package of tea, which typically indicates that the product is in a solid form, either loose leaf or bagged.

Judge from Text: The text information provided states \"Ingredients : Non-dairy Creamer, Brown Sugar, Sugar , Instant Black Tea Powder.\" This suggests that the product is in a powdered form, as it is described as \"Instant Black Tea Powder.\" This confirms that the product form is powdered.

Although the plastic bag in the image is not aligned with the 'Tea Powder' in the text, it can still be inferred that the product form is valid.

Conclusion: Yes.
